## Registration Wait List Step-by-Step (Parent Version)

If the program is set up to utilize the wait list function, when a parent logs in to register, they will continue as normal. **The parent will see a notation next to the division that \$0 is due now and an information icon with the Wait List policy**, so it is clear to the parent from early in the process they are registering for a wait listed program.

The parent view during registration is shown in the example below.

### Registration

The screenshot shows the registration process at step 3, "Program Information". The user is viewing "Steven's Available Programs". A yellow callout box highlights a notification: "Wait list is on a first come first serve basis. Your spot is not guaranteed if you are accepted from the wait list, you will be notified via email." The program listed is "Fall MY 20 Program" with a price of "\$50.00" and a note "\$0.00 Due Today". A "Selected" button is visible next to the program. The "Order Summary" on the right shows "Registration" at \$0.00 and "Cart Subtotal" at \$0.00. A "Need Help?" section provides contact information for the AYSO Demo Region.

Complete registration, including all **required questions and signed waivers**.
