SafeSport Act Mandatory Training (Effective January 1, 2022)

The 2017 SafeSport Act has expanded Mandated Reporters to include adults authorized to interact with children. Due to this expansion, that includes AYSO and it requires training on child abuse and mandated reporting.

Effective, January 1, 2022, U.S. Soccer will no longer allow equivalent training* and has mandated SafeSport training.

What does this mean for AYSO?

AYSO will comply with the federal SafeSport training requirement and we will integrate with the U.S. Soccer Education and Learning Center as well as their Player Health and Safety Courses.

The training is the full course in the first year, which is 90 minutes, and repeated every three years, followed by annual updates in the in-between years, which are 30 minutes.

How will it work?

You will be able to access the SafeSport training by following these instructions:

1. Login to your Sports Connect account where you registered as a volunteer.
2. Click on the volunteer tab on the left-hand side of the screen
3. Click on SafeSport box
4. Click on Renew and Update
5. A screen will pop up where you will click on the “click HERE” link or copy and paste the URL into your browser to begin training

Certifications

Only .jpeg, .png, .jpg, .pdf and .gif files are allowed.
Max File Size Allowed: 10MB

The default integration uses the U.S. Center for Safesport, as seen above. Once you take the course, the USSF results will update the AYSO Association Platform and be sent to Safesport for their records.

If you have already taken it, those historic statuses will be brought over on January 1, 2022 and will reflect this information as a separate line item on the compliance.

***Please Note: AYSO Volunteers will still need to take AYSO's Safe Haven course as well.**

If you have any questions on the process, please email CVPA@ayso.org.
